- 2051 1969 Ford Capri MKI 1300, manual, Reg. No. XBJ 188G, finished in red with red vinyl interior, 56,000 miles indicated. First registered on 21st March 1969, chassis number BBECJJ03246 was sold by Ford main dealers Potters of Framlingham to its first owner who kept the vehicle until 1977, when the current owner acquired it. After several years of use the car was put into dry storage, where it remained for over 30 years. During 2018 the car emerged from storage and was subject to a comprehensive restoration including bodywork, respray and comprehensive engine rebuild, (photographic records and receipts for works carried out are included), the original interior was retained. Dating to the early part of the Capri's production run, this freshly restored example would benefit from some minor finishing touches, but with just 2 owners from new and a good history file, it represents a great opportunity for any Ford enthusiast. (Subject to 12% buyers premium inclusive of VAT). **£10,000-12,000**
- 2052 1929 Rolls-Royce 20/25 open tourer, coachwork by Barker (see text) Registration JSU 199, chassis No. GXO87, engine No. EE6A. This splendid early 20/25 was first commissioned on 21st November 1929 with the chassis GVO79 which was a 20hp chassis from stores which was updated by the factory to the latest 20/25 specification including being converted from small to large bore cylinders and the chassis plates were changed to GXO87-being in the first one hundred 20/25 model series built. The chassis was sold to Lt. Col. James of Penzance, Cornwall who commissioned Barker & Co coach builders to construct a torpedo open tourer body for it. Like so many Pre -War Rolls-Royce's the car ended up in America in the 1960s and the body was modified to a shooting brake utilising the original Barker front end. Upon its return to England in 1987 it was bought as a restoration project and put back to its original Barker open tourer specification utilising as much of the original body as possible. It is believed that £93,000 was spent in total on the restoration the quality of which is still evident today! The stylish blue open tourer coachwork has very attractive lines which suits the chassis perfectly. It exemplifies all the qualities that Henry Royce envisaged for a light bodied 20/25 with light steering, smooth gearbox and sprightly performance unhindered by heavy formal coachwork. The current owner and her late husband have participated in numerous rally's in France in the car and have maintained it in excellent overall condition. It has blue leather upholstery, folding rear picnic table, removable side screens and Barker Patent dipping headlights. It also has a removable touring trunk and various tools . It is supplied with a V5 and large history file. It is a splendid example of the marque. (Subject to 12% buyers premium inclusive of VAT). **£40,000-45,000**
